N° 0281/12.00/2024

Office of the Minister of State for Education

Mayor of District (All)
District Executive Administrator (All)

Dear Mayor
Dear District Executive Administrator

Re: Participation in the Artificial Intelligence (AI) Awareness and Hackathon program for students

The Ministry of Education in partnership with the International Baccalaureate (IB) is organizing an Artificial Intelligence (AI) Awareness program and Hackathon. The objective of the program is to promote AI education and innovation in schools, fostering creativity, critical thinking, teamwork and problem-solving skills through the development of original AI projects.

The targeted groups are secondary school students from Senior 4 to Senior 6, Level 3 to Level 5 and Grade 9 to Grade 12. The interested students will create a team of three and submit their application by 17th February 2024 through the following link: <https://bit.ly/3u1WvkE>.

The application will be reviewed, and evaluated, and selected teams will participate in a 3-days boot camp and 1-day hackathon from 13th March to 16th March 2024.

It is against this background that we would like to request you to inform the schools in your respective Districts about this program and share with them the attached flyer.

Sincerely,

Claudette IRERE
Minister of State for Education
